

Mom – u rock!

Let's make a pet rock for Mother's Day. You will need: a smooth round stone (washed), wool, glue paste, a pair of safe scissors, a sheet of white cardboard, corrugated board and some paint.

Instructions

1. Make hair using the wool and glue it to the rock.
2. Draw eyes, a nose and feet on the white cardboard. Colour them in and cut them out. Now glue them to the rock using the image as a guide.
3. Paint a smiling mouth onto the rock using the image as a guide.
4. Write a message to your mom on the corrugated board (big enough to fit the rock and a message).
5. Glue the finished rock onto the corrugated cardboard square.
