

# Valentine's day gift bag

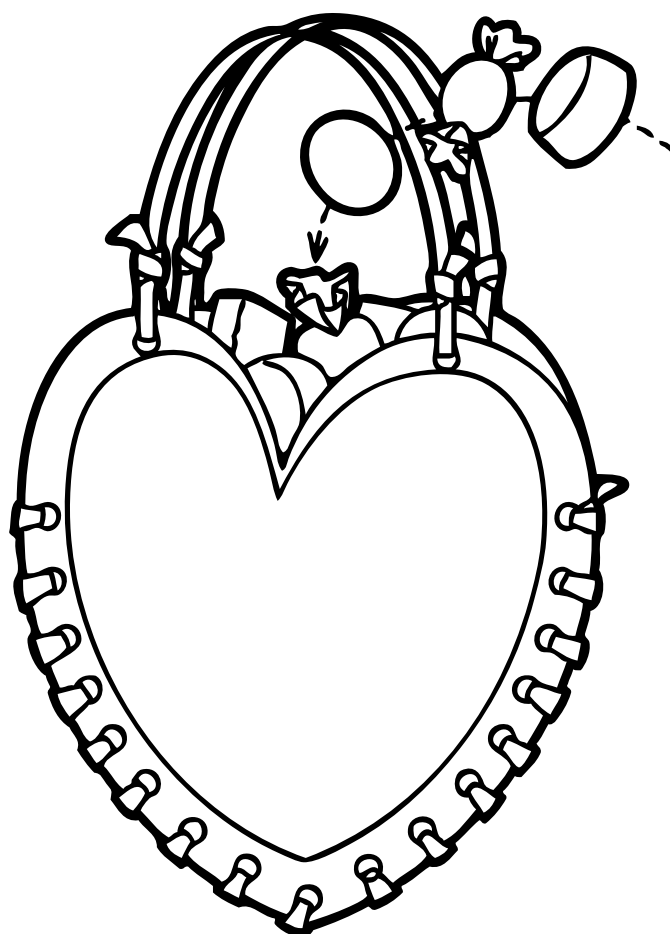

Let's make a Valentine's day gift bag. You will need: a pair of safe scissors, colouring pencils, thin coloured ribbon, chocolates and the gift bag template on the following page.

## Instructions

1. Colour in the pieces on the gift bag template then cut them out. Be sure to cut out the small, round holes around the edges.
2. Align the two halves of the template together and then thread the ribbon through the holes (like your shoes) to bind them together.
3. Use a long piece of ribbon for the top two holes so it creates a handle.
4. Now fill the bag with chocolates.

THREAD THE RIBBON  
THROUGH THE HOLES

FILL THE BAG  
WITH CHOCOLATES
