

Father's day craft

Let's make a card for Father's Day. You will need: 30 cm piece string, a drinking straw or stick from the garden, glue paste, a pair of safe scissors, the template below, a photo of your dad and colouring pencils.

Instructions

1. Cut out the fish template below. Remember the hole at the top!
2. Paste your dad's photo in the circle on the template.
3. Tie one end of the string through the hole and the other end around the straw or stick.
